A loyal student supports his school and does his utmost to keep his scholastic and co-curricular standard at the highest possible level.

School Colors: Kelly Green, White and Gold

Nickname: "Fighting Irish" and "Lady Fighting Irish"

School Song: Washington & Lee Swing

Oh, when old Seneca High School falls in line,
We're gonna win this game another time.
And for old Seneca we will yell a yell,
And for the old ball team we love,
So well – oh well – oh well –
We'll fight, fight, fight for every score,
And then we'll make some points and win some more.
And we will put old – (name of opponent's school)
On the side – on the side –
RAH! RAH! RAH!
(shout) T-E-A-M TEAM!!! (CLAP)
Repeat entire song to T-E-A-M

1.20 Student/Parent Handbook Acknowledgement and Pledge

Student Acknowledgement and Pledge

I acknowledge receiving and/or being provided electronic access to the Student/Parent Handbook and School Board policy on student behavior. I have read these materials and understand all rules, responsibilities and expectations. In order to help keep my school safe, I pledge to adhere to all School and School District rules, policies and procedures.

I understand that the Student/Parent Handbook and School District policies may be amended during the year and that such changes are available on the School District website or in the school office.

I understand that my failure to return this acknowledgement and pledge will not relieve me from being responsible for knowing or complying with School and School District rules, policies and procedures.

Parent/Guardian Acknowledgement

I acknowledge receiving and/or being provided electronic access to the Student/Parent Handbook and School Board policy on student behavior. I have read these materials and understand all rules, responsibilities and expectations.

I understand that the Student/Parent Handbook and School District policies may be amended during the year and that such changes are available on the School District website or in the school office.

I understand that my failure to return this acknowledgement will not relieve me or my child from being responsible for knowing or complying with School and School District rules, policies and procedures.

1.21 Free and Reduced-Price Food Services

Free and Reduced-Price Food Services; Meal Charge Notifications

The following notification is provided to all households of students at the beginning of each school year as federally required notification regarding eligibility requirements and the application process for the free and reduced-price food services that are listed in Board policy 4:130, Free and Reduced-Price Food Services, and 4:140, Waiver of Student Fees. This notification is also provided to households of students transferring to the District during the school year. For more information, see www.fns.usda.gov/school-meals/unpaid-meal-charges, and/or contact the Building Principal or designee.

Free and Reduced-Price Food Services Eligibility

When the parents/guardians of students are unable to pay for their child(ren)'s meal services, meal charges will apply per a student's eligibility category and will be processed by the District accordingly.

A student's eligibility for free and reduced-price food services shall be determined by the income eligibility guidelines, family-size income standards, set annually by the U.S. Dept. of Agriculture, and distributed by the Ill. State Board of Education.

Meal Charges for Meals Provided by the District

The Building Principal and District staff will work jointly to prevent meal charges from accumulating. Every effort to collect all funds due to the District will be made on a regular basis and before the end of the school year. Contact your Building Principal or designee about whether your child(ren)'s charges may be carried over at the end of the school year, i.e., beyond June 30th.

Unpaid meal charges are considered delinquent debt when payment is overdue as defined by Board policy 4:45, Insufficient Fund Checks and Debt Recovery and the Hunger-Free Students' Bill of Rights Act (105 ILCS 123/). The District will make reasonable efforts to collect charges classified as delinquent debt, including repeated contacts to collect the amounts and, when necessary, requesting that the student's parent(s)/guardian(s) apply for meal benefits to determine if the student qualifies for such benefits under Board policy 4:130, Free and Reduced-Price Food Services. The District will provide a federally reimbursable meal or snack to a student who requests one, regardless of the student's ability to pay or negative account balance.

When a student's funds are low and when there is a negative balance, reminders will be provided to the staff, students, and their parent(s)/guardian(s) at regular intervals during the school year. State law allows the Building Principal to contact parents(s)/guardian(s) to attempt collection of the owed money when the amount owed is more than the amount of five lunches. If a parent/guardian regularly fails to provide meal money for the child(ren) that he/she is responsible for in the District and does not qualify for free meal benefits or refuses to apply for such benefits, the Building Principal or designee will direct the next course of action. Continual failure to provide meal money may require the District to notify the Ill. Dept. of Children and Family Services (DCFS) and/or take legal steps to recover the unpaid meal charges, up to and including seeking an offset under the State Comptroller Act, if applicable.

Hours: Mon-Fri 7:30 to 3:30 (Closed at noon half days)
Telephone: 815/357-5062
Email: mediacenter@senecahts.org

The Media Center offers students a place to conduct research, make-up tests, print assignments, and do homework, before, during, and after school. Current and relevant fiction and non-fiction books are available for checkout. Gale Research Databases and Destiny Online Library Catalog are accessible within the Student App and via the Media Center's school web page. If using Gale outside of the school Wi-Fi, a password must be obtained from the Media Center staff. Ask how to sign up for a Destiny Library account, so that you can have access to additional digital e-books and audio books for checkout. Do not hesitate to ask for assistance from the Media Center staff.

Due Dates: Check the book(s) green due date card inside the pocket for the most current date due. A .10 fine will be charged per day for each overdue item. All fines must be paid, or library privileges will be suspended and students will be placed on a HOLDS list in the Main Office.

The students of SHS share in the responsibility of maintaining an environment that allows the Media Center to serve the needs of all students. Students should respect the rights of others that are studying, making up tests, or reading by always entering the Media Center in a quiet manner and by remaining quiet during each visit, especially if entering as a group.

1.50 Equal Opportunity and Sex Equity

Equal educational and extracurricular opportunities are available to all students without regard to race, color, nationality, sex, sexual orientation, gender identity, ancestry, age, religious beliefs, physical or mental disability, status as homeless, or actual or potential marital or parental status, including pregnancy.

No student shall, based on sex or sexual orientation, be denied equal access to programs, activities, services, or benefits or be limited in the exercise of any right, privilege, advantage, or denied equal access to educational and extracurricular programs and activities.

Any student or parent/guardian with a sex equity or equal opportunity concern should contact: Mr. Mike Coughlin, Principal.

1.55 Closed Campus

Seneca Township High School has a closed campus. Students must stay on the school grounds from the time they arrive, even if the first period has not yet started, until dismissal or until they are picked up by the bus. Any student leaving the school grounds must check out through the Main Office.

In the event a student must leave school during the school day for activities such as doctor or dentist appointment, a parent or guardian must phone to notify the school. A phone call to the attendance office is preferred. The student must stop in the main office before school to be given a pass to show the teacher if they are to leave in the middle of class. The student must also sign out in the office before leaving and sign in upon their return. Any student not signing out upon leaving or signing in upon return will be considered unexcused. Students who have a doctor or dentist appointment during the school day should bring an appointment card from the doctor's or dentist's office.

Students who fail to follow the above procedures will be subject to school consequences.

PARENTS PLEASE NOTE – A student will not be allowed to go home unless a parent comes to pick up the student or other arrangements are made via phone conversation.

1.60 Animals on School Property

In order to assure student health and safety, animals are not allowed on school property, except in the case of a service animal accompanying a student or other individual with a documented disability. This rule may be temporarily waived by the building principals in the case of an educational opportunity for students, provided that (a) the animal is appropriately housed, humanely cared for, and properly handled, and (b) students will not be exposed to a dangerous animal or an unhealthy environment.

1.65 Lockers

Each student will be provided with one hall locker which has a built-in combination lock. Students are responsible for the maintenance and care of the hall locker assigned. Students should not share their combination number with other students. Each student is totally responsible for the condition of the inside of the locker. Students should never write on lockers, nor stick anything of permanent nature in the locker. All locker decorations must seek administrative approval prior to being placed in/on lockers. If any harm is done to the outside of the locker, students should report that damage immediately to the office. Each student enrolled in a Physical Education class will also be provided with one gym locker. All locks in the gym, industrial arts, agriculture, and the auto mechanics areas, must be school issued locks. All lockers, whether in hallway, gym or shop areas, are the property of Seneca Township High School and the administration reserves the right to inspect and search any and all lockers, and the contents therein, at any point in time. The students are responsible for any and all materials found in their lockers.

Students who set their lockers so the locker opens without using the combination, or in any way damage or destroy the locker, or lock, will have their locker privileges taken away for a period of time determined by the administration.

Seneca Township High School is not responsible for lost or stolen property. Students should report any theft or lost items to the teacher in charge of the classroom or area of instruction. Students who have found articles or wishing to claim a lost article should inquire in the Main Office. Any unclaimed items from the year will be disposed of in June.

1.70 School Volunteers

All school volunteers must complete the “Volunteer Information Form” and be approved by the school principal prior to assisting at the school. Forms are available in the school office. Some teachers utilize parent volunteers in the classroom. The individual teachers make this decision. Teachers who desire parent volunteers will notify parents. For school-wide volunteer opportunities, please contact the building principal.

Volunteers are required to check in and out at the main office and receive a visitor badge before going to their destination.

1.90 Emergency School Closings

In cases of bad weather and other local emergencies, please listen to WCSJ-AM (1550) and WJDK-FM (95.7) in Morris and WCMY-AM (1430) and WRKX-FM (95.3) in Ottawa, any major Chicago radio station. SHS will also send an automated alert message, a program that will call directly to your home and cell phone, if you had forwarded all contact information with our school. School closings for any reason will be announced by 7:00 a.m. If bad weather or other emergency occurs during the day, please listen to local media stations for possible early dismissal information.

For your child’s safety, make certain your child knows ahead of time where to go in case of an early dismissal.

If we dismiss early for an emergency, all after-school functions are automatically canceled.

1.100 Video & Audio Monitoring Systems

A video and/or audio monitoring system may be in use on school buses and a video monitoring system may be in use in public areas of the school building. These systems have been put in place to protect students, staff, visitors and school property. If a discipline problem is captured on audiotape or videotape, these recordings may be used as the basis for imposing student discipline. If criminal actions are recorded, a copy of the tape may be provided to law enforcement personnel.

1.110 Accommodating Individuals with Disabilities

Individuals with disabilities will be provided an opportunity to participate in all school-sponsored services, programs, or activities. Individuals with disabilities should notify the superintendent or building principal if they have a disability that will require special assistance or services and, if so, what services are required. This notification should occur as far in advance as possible of the school-sponsored function, program, or meeting.

1.120 Students with Food Allergies

State law requires our school district to annually inform parents of students with life-threatening allergies or life-threatening chronic illnesses of the applicable provisions of Section 504 of the Rehabilitation Act of 1973 and other applicable federal statutes, state statutes, federal regulations and state rules.

If your student has a life-threatening allergy or life-threatening chronic illness, please notify the building principal at (815) 357-5000.

Federal law protects students from discrimination due to a disability that substantially limits a major life activity. If your student has a qualifying disability, an individualized Section 504 Plan will be developed and implemented to provide the needed support so that your student can access his or her education as effectively as students without disabilities.

Not all students with life-threatening allergies and life-threatening chronic illnesses may be eligible under Section 504. Our school district also may be able to appropriately meet a student's needs through other means.

1.130 Care of Students with Diabetes

If your child has diabetes and requires assistance with managing this condition while at school and school functions, a Diabetes Care Plan must be submitted to the school principal. Parents/guardians are responsible for and must:

1. Inform the school in a timely manner of any change which needs to be made to the Diabetes Care Plan on file with the school for their child.
2. Inform the school in a timely manner of any changes to their emergency contact numbers or contact numbers of health care providers.
3. Sign the Diabetes Care Plan.
4. Grant consent for and authorize designated School District representatives to communicate directly with the health care provider whose instructions are included in the Diabetes Care Plan.

For further information, please contact the Building Principal.

1.135 Social, Emotional, & Behavioral Health Universal Screener

In our continuing efforts to support the well-being of all our students, we will be administering a universal screener of social, emotional, & behavioral health. Our district is using the Behavior Intervention Monitoring Assessment System-2 (BIMAS-2) research-based screening tool. We believe this will help all of our students thrive academically by identifying students who may benefit from additional social and emotional support and interventions.

Students will complete the screener each fall during Student Success Time. The screener is web-based and has 34 questions. These questions assess behavior related to student conduct, anxiety/depression, attention and focus, communication, relationships, and academic functioning. The screener takes approximately 10 minutes to complete.

Student privacy is critical, and screener responses will only be available to families and appropriate staff. Individual student data may be shared with teachers and other appropriate school staff when necessary for student learning and support. Aggregate data will be used to make decisions about core instructional programming. Student responses will be visible to the school psychologist, school social worker, school counselors, and administrators. If a student's responses indicate that the student is in need of immediate assistance, school staff will respond and contact parents.

Families wanting to exclude their student from completing this screener must file an opt-out form with the school. This form is part of the annual online registration process, and forms are also available in the main office. If you would like more information about the universal screener, please email or call our School Psychologist/Director of Special Services, Jill Rockrohr, at jrockrohr@senecahs.org or 815-357-3085.

1.140 Suicide and Depression Awareness and Prevention

Protecting the health and well-being of all students is of utmost importance to the school district. The school board has adopted a suicide prevention and depression awareness policy which will help to protect all students through the following steps:

1. Students will learn about recognizing and responding to symptoms of depression and warning signs of suicide, using coping skills, using support systems, and seeking help for themselves and friends. This will occur in all health classes.
2. Seneca High School will designate a suicide prevention coordinator to serve as a point of contact for students in crisis and to refer students to appropriate resources.

3. When a student is identified as being at risk, they will be assessed by a school employed mental health professional who will work with the student and help connect them to appropriate local resources.
4. Students will have access to national resources which they can contact for additional support, such as:
 - The National Suicide Prevention Lifeline – 1.800.273.8255 (TALK), [suicide prevention lifeline http://www.suicidepreventionlifeline.org](http://www.suicidepreventionlifeline.org)
 - The Trevor Lifeline – 1.866.488.7386, [The Trevor Project http://www.thetrevorproject.org](http://www.thetrevorproject.org)
5. All students will be expected to help create a school culture of respect and support in which students feel comfortable seeking help for themselves or friends. Students are encouraged to tell any staff member if they, or a friend, are feeling suicidal or in need of help.
6. Students should also know that because of the life or death nature of these matters, confidentiality or privacy concerns are secondary to seeking help for students in crisis.

1.150 Accommodating Breastfeeding Students

Students who choose to breastfeed an infant after returning to school are provided reasonable accommodations in accordance with district policy and law. Complaints regarding violations of this procedure should be made to the District’s Complaint Manager or Non-Discrimination Coordinator.

1.170 Student Appearance

A student’s appearance, including dress and hygiene, must not disrupt the educational process or compromise standards of health and safety. The school does not prohibit hairstyles historically associated with race, ethnicity, or hair texture, including, but not limited to, protective hairstyles such as braids, locks, and twists. The school will not prohibit students from wearing or accessorizing the student's graduation attire with items associated with the student's cultural, ethnic, or religious identity or any other protected characteristic or category identified in the Illinois Human Rights Act. Students who disrupt the educational process or compromise standards of health and safety must modify their appearance.

1.180 Awareness and Prevention of Child Sexual Abuse, Grooming Behaviors, and Boundary Violations

Child sexual abuse, grooming behaviors, and boundary violations harm students, their parent/guardian, the District's environment, its school communities, and the community at large, while diminishing a student's ability to learn.

Warning Signs of Grooming Behaviors

School and District employees are expected to maintain professional and appropriate relationships with students based upon students' ages, grade levels, and developmental levels.

Prohibited grooming is defined as (i) any act, including but not limited to, any verbal, nonverbal, written, or electronic communication or physical activity, (ii) by an employee with direct contact with a student, (iii) that is directed toward or with a student to establish a romantic or sexual relationship with the student. Examples of grooming behaviors include, but are not limited to, the following behaviors:

- Talking with students about personal problems or relationships
- Spending time alone with a student outside of their role in the student's life or making up excuses to be alone with a student
- Expressing unusual interest in a student's sexual development, such as commenting on sexual characteristics or sexualizing normal behaviors
- Giving a student gifts without occasion or reason
- Spending a lot of time with a student
- Restricting a student's access to other adults

Warning Signs of Boundary Violations

School and District employees breach employee-student boundaries when they misuse their position of power over a student in a way that compromises the student's health, safety, or general welfare. Examples of boundary violations include:

- Engaging in sexualized or romantic dialog
- Making sexually suggestive comments directed toward or with a student

- Self-disclosure of a sexual, romantic, or erotic nature
- Full frontal hugs
- Invading personal space

If you believe you are a victim of child sexual abuse, grooming behaviors, or boundary violations, or you believe that your child is a victim, you should immediately contact the Building Principal, a school counselor, or another trusted adult employee of the School.

1.185 Faith's Law Notifications

Employee Conduct Standards

School districts are required to include in their student handbook the District's Employee Code of Professional Conduct. These standards, in part, define appropriate conduct between school employees and students. A copy of these standards can be found on the District's website or requested from the Superintendent's office.

1.190 Prevention of Anaphylaxis

While it is not possible for the School or District to completely eliminate the risks of an anaphylactic emergency, the district maintains a comprehensive policy on anaphylaxis prevention, response, and management in order to reduce these risks and provide accommodations and proper treatment for anaphylactic reactions. Parent(s)/guardian(s) and students who desire more information or who want a copy of the district's policy may contact the Building Principal.

Chapter 2: Attendance, Promotion & Graduation

1.200 Sexual Abuse Response and Prevention Resource Guide

The Illinois State Board of Education (ISBE) maintains a resource guide on sexual abuse response and prevention. The guide contains information on and the location of children's advocacy centers, organizations that provide medical evaluations and treatment to victims of child sexual abuse, organizations that provide mental health evaluations and services to victims and families of victims of child sexual abuse, and organizations that offer legal assistance to and provide advocacy on behalf of victims of child sexual abuse. This guide can be accessed through the ISBE website at www.isbe.net or you may request a copy of this guide by contacting the school's office.

2:10 Attendance

It has been shown that a student's success in school and later in life is reflected in his or her attendance. The Board of Education and administration have set the following attendance policy which fosters the success of each individual in preparation for their future goals and plans.

Illinois law requires that whoever has custody or control of any child between six (by September 1st) and seventeen years of age shall assure that the child attends school in the district in which he or she resides, during the entire time school is in session (unless the child has already graduated from high school). Illinois law also requires that whoever has custody or control of a child who is enrolled in the school, regardless of the child's age, shall assure that the child attends school during the entire time school is in session.

2.20 Student Absences

Student Absences

Subject to specific requirements in State law, the following children are not required to attend public school: (1) any child attending a private school (including a home school) or parochial school, (2) any child who is physically or mentally unable to attend school (including a pregnant student suffering medical complications as certified by her physician), (3) any child lawfully and necessarily employed, (4) any child over 12 and under 14 years of age while in confirmation classes, (5) any child absent because of religious reasons, including to observe a religious holiday, for religious instruction, or because his or her religion forbids secular activity on a particular day(s) or time of day, and (6) any child 16 years of age or older who is employed and is enrolled in a graduation incentives program.

For students who are required to attend school there are two types of absences: excused and unexcused. Excused absences include: illness (including up to 5 days per school year for mental or behavioral health of the student), observance of a religious holiday or event, death in the immediate family, family emergency, situations beyond the control of the student as determined by the school board, circumstances that cause reasonable concern to the parent/guardian for the student's mental, emotional, or physical health or safety, attending a military honors funeral to sound TAPS¹, or other reason as approved by the building principal. Students eligible to vote are also excused for up to two hours to vote in a primary, special, or general election.

Additionally, a student will be excused for up to 5 days in cases where the student's parent/guardian is an active-duty member of the uniformed services and has been called to duty for, is on leave from, or has immediately returned from deployment to a combat zone or combat-support postings. The Board of Education, in its discretion, may excuse a student for additional days relative to such leave or deployment. A student and the student's parent/guardian a

responsible for obtaining assignments from the student's teachers prior to any excused absences and for ensuring that such assignments are completed by the student prior to his or her return to school.

Students who are excused from school will be permitted the same number of days as he/she was absent to turn in the make-up work.

All other absences are considered unexcused. Pre-arranged excused absences must be approved by the building principal.

All absences not excused by a parent or guardian and marked **unexcused** in our school system, will have 48 hours to provide proper documentation by a physician and get approval by the administration to clear the absence.

A student who is absent from school for over half the day (after 12:00) may not attend any extracurricular activities as a spectator or athlete on that corresponding date unless given administrative permission.

The school may require documentation explaining the reason for the student's absence.

A student who arrives before 8:10 a.m. is marked tardy but is considered present for their first period class. A student who arrives after 8:10 a.m. will be marked as an unexcused absence for their first period class.

In the event of any absence, the student's parent/guardian is required to call the school at 815-357-5000 before 8:00 a.m. to explain the reason for the absence. If a call has not been made to the school by 10:00 a.m. on the day of a student's absence, a school official will call the home to inquire why the student is not at school. If the parent/guardian cannot be contacted, the student will be required to submit a signed note from the parent/ guardian explaining the reason for the absence. Failure to do so shall result in an unexcused absence. Upon request of the parent/guardian, the reason for an absence will be kept confidential.

Diagnostic Procedures for Identifying Student Absences and Support Services to Truant or Chronically Truant Students

State law requires every school district to collect and review its chronic absence data and determine what systems of support and resources are needed to engage chronically absent students and their families to encourage the habit of daily attendance and promote success. This review must include an analysis of chronic absence data from each attendance center.

Furthermore, State law provides that school districts are encouraged to provide a system of support to students who are at risk of reaching or exceeding chronic absence levels with strategies and are also encouraged to make resources available to families such as those available through the State

Board of Education's Family Engagement Framework to support and engage students and their families to encourage heightened school engagement and improved daily school attendance.

"Chronic absence" means absences that total 10% or more of school days of the most recent academic school year, including absences with and without valid cause, and out of-school suspensions.

The School and District use the following diagnostic procedures for identifying the causes of unexcused student absences: Interviews with the student, his or her parent/ guardian and any school officials who may have information about the reasons for the student's attendance problems.

Supportive services to truant or chronically truant students include parent conferences, student counseling, family counseling, and information about existing community services.

2.30 Release Time for Religious Instruction & Observance

A student will be released from school, as an excused absence, to observe a religious holiday or for religious instruction. The student's parent/guardian must give written notice to the building principal at least five calendar days before the student's anticipated absence(s).

Students excused for religious reasons will be given an opportunity to make up any examination, study, or work requirement.

2.40 Make-Up Work

If a student's absence is excused or due to suspension, he/she will be permitted to make up any missed work, including homework and tests, for equivalent academic credit. The student will be permitted the same number of days as he/she was absent to turn in the make-up work.

A Student, upon the day of his/her return, is responsible for any and all assignments and/or recitations which were assigned prior to the absence and due the day of the absence in class. The student is responsible for obtaining assignments from his/her teachers.

In cases of extended illness, in which students need additional time to make up work, such permission must be granted through an administrator.

Students who are unexcused from school will not be allowed to make up missed work.

This policy is congruent with Senate Bill 100 (Public Act 99-456).

2.50 Truancy

Student attendance is critical to the learning process. Truancy is therefore a serious issue and will be dealt with in a serious manner by the school and district.

Students who miss more than 1% but less than 5% of the prior 180 regular school days without valid cause (a recognized excuse) are truant. Students who miss 5% or more of the prior regular school days without a recognized excuse are considered chronic truants. Students who are chronic truants will be offered support services and resources aimed at correcting the truancy issue.

If chronic truancy persists after support services and other resources are made available, the school and district will take further action, including:

1. Referral to the truancy officer
2. Reporting to officials under the Juvenile Court Act
3. Referral to the State's Attorney
4. Appropriate school discipline

A student who misses 15 consecutive days of school without valid cause and who cannot be located or, after exhausting all available support services, cannot be compelled to return to school is subject to expulsion from school.

A parent or guardian who knowingly and willfully permits a child to be truant is in violation of State law.

2.60 Grading & Promotion

School report cards are issued to students on a Semester basis. For questions regarding grades, please contact the Guidance office.

Subject achievement grades and current grade point averages are reported to the parents or guardians at the end of each semester (18 weeks). Subject achievements are reported as letter grades and grade point averages are reported as numerical points.

Seneca High School has adopted the policy that we will not round up or down in any cases beginning with the 2021-2022 school year. For example, if a student earns a 97.9%, that would be assigned a letter grade of A.

<u>Letter Grade</u>	<u>100 pt. scale</u>	<u>4.0 Conversion scale</u>
A+	100 - 98	4.3
A	97.9 - 92	4.0
A-	91.9 - 90	3.7
B+	89.9 - 88	3.3
B	87.9 - 82	3.0

B-	81.9 - 80	2.7
C+	79.9 - 78	2.3
C	77.9 - 72	2.0
C-	71.9 - 70	1.7
D+	69.9 - 68	1.3
D	67.9 - 62	1.0
D-	61.9 - 60	.7
F	59.9 - 0	0

All weighted classes will add 1.0 to the earned GPA.

***All students' GPA are considered to be weighted.**

2.65 Graduating with Distinction

* Cum Laude ("with honor"): 3.0-3.49 cumulative GPA after 7 semesters

* Magna Cum Laude ("with great honor"): 3.5-3.99 cumulative GPA after 7 semesters

* Summa Cum Laude ("with highest honor"): 4.0 and above cumulative GPA after 7 semesters

All students graduating with distinction will be noted in the graduation program, and all will be recognized by level of distinction during the ceremony when their names are called to receive their diplomas. Students graduating with distinction are given medallions or tassels to wear during the ceremony.

Class Rank: Class rank will still be available on student transcripts if it is needed for applications, etc.; but no recognition will be given for graduating 1st or 2nd in the class.

Address: For the graduation ceremony, speakers (more if deemed appropriate) will be chosen from the list of Summa Cum Laude graduates based upon a letter of application. The applications will be reviewed by a committee composed of the Principal, Assistant Principal, Guidance Counselors, and two teachers. This committee will possess the authority to select the students speaking at graduation.

Speakers will continue to have their speeches screened and approved by the Principal. The approved speech must be submitted in its final form to the Principal and read verbatim during the graduation ceremony.

2.70 Homework

Homework is used as a way for students to practice what they have learned in the classroom. The time requirements and the frequency of homework will vary depending on a student's teacher, ability, and grade level. The student will be permitted the same number of days as he/she was absent to turn in the make-up work.

2.80 Exemption from Physical Education Requirement

In order to be excused from participation in physical education, a student must present an appropriate excuse from his or her parent/guardian or from a person licensed under the Medical Practice Act. The excuse may be based on medical or religious prohibitions. An excuse because of medical reasons must include a signed statement from a person licensed under the Medical Practice Act that corroborates the medical reason for the request. An excuse based on religious reasons must include a signed statement from a member of the clergy that corroborates the religious reason for the request. Upon written notice from a student's parent/guardian, a student will be excused from engaging in the physical activity components of physical education during a period of religious fasting.

A student in grades 11-12 may submit a written request to the building principal requesting to be excused from physical education courses for the reasons stated below.

1. Enrollment in a marching band program for credit;
2. Enrollment in Reserve Officers Training Corps (ROTC) program sponsored by the District;
3. Ongoing participation in an interscholastic or extracurricular athletic program;
4. Enrollment in academic classes that are required for admission to an institution of higher learning (student must be in the 11th or 12th grade); or
5. Enrollment in academic classes that are required for graduation from high school, provided that failure to take such classes will result in the student being unable to graduate (student must be in the 11th or 12th grade).

Students with an Individualized Education Program may also be excused from physical education courses for reasons stated in Handbook Procedure 10.30.

Special activities in physical education will be provided for a student whose physical or emotional condition, as determined by a person licensed under the Medical Practices Act, prevents his or her participation in the physical education course.

State law prohibits the School District from honoring parental excuses based upon a student's participation in athletic training, activities, or competitions conducted outside the auspices of the School District.

Students who have been excused from physical education shall return to the course as soon as practical. The following considerations will be used to determine when a student shall return to a physical education course:

1. The time of year when the student's participation ceases;
2. The student's class schedule; and
3. The student's future or planned additional participation in activities qualifying for substitutions for physical education, as outlined above or in Handbook Procedure 10.30.

2.90 Credit for Proficiency, Non-District Experiences, and Course Substitutions and Accelerated Placement

Credit for Non-District Experiences

A student may receive high school credit for successfully completing any of the listed courses or experiences even when it is not offered in or sponsored by the District:

1. Distance learning course, including a correspondence, virtual, or online course.
2. Courses in an accredited foreign exchange program.
3. Summer school or community college courses.
4. College or high school courses offering dual credit at both the college and high school level.
5. Foreign language courses taken in an ethnic school program approved by the Illinois State Board of Education.
6. Work-related training at manufacturing facilities or agencies in a Tech Prep Program.
7. Credit earned in a Vocational Academy.

Students must receive pre-approval from the building principal or designee to receive credit for any non-District course or experience. The building principal or designee will determine the amount of credit and whether a proficiency examination is required before the credit is awarded. Students assume responsibility for any fees, tuition, supplies, and other expenses. Students are responsible for (1) providing documents or transcripts that demonstrate successful completion of the experience, and (2) taking a proficiency examination, if requested. The building principal or designee shall determine which, if any, non-District courses or experiences, will count toward a student's grade point average, class rank, and eligibility for athletic and extracurricular activities.

Proficiency Credit

Proficiency credit is available in limited subjects where a student demonstrates competency. Contact the building principal for details.

Substitutions for Required Courses

Vocational or technical education; registered apprenticeship program. A student in grades 9-12 may satisfy one or more high school courses (including physical education) or graduation requirements by

successfully completing related vocational or technical education courses or a registered apprenticeship program if:

1. The building principal approves the substitution and the vocational or technical education course is completely described in curriculum material along with its relationship to the required course; and
2. The student's parent/guardian requests and approves the substitution in writing on forms provided by the District.

Advanced placement computer science. The advanced placement computer science course is equivalent to a high school mathematics course. A student in grades 9-12 may substitute the advanced placement computer science course for one year of mathematics. The transcript of a student who completes the advanced placement computer science course will state that it qualifies as a mathematics-based, quantitative course.

Volunteer service credit. A student participating in the District's Volunteer Service Credit Program, if any, may earn credit toward graduation for the performance of community service. The amount of credit given for program participation shall not exceed that given for completion of one semester of language arts, math, science, or social studies.

Accelerated Placement. The District provides for an Accelerated Placement Program (APP) for qualified students. It provides students with an educational setting with curriculum options that are usually reserved for students who are older or in higher grades than the student. Accelerated placement includes but may not be limited to: early entrance to kindergarten or first grade, accelerating a student in a single subject and grade acceleration. Participation is open to all students who demonstrate high ability and who may benefit from accelerated placement. It is not limited to students who have been identified as gifted or talented. Please contact the building principal for additional information.

2.100 Home and Hospital Instruction

A student who is absent from school, or whose physician, physician assistant or licensed advanced practice registered nurse anticipates his or her absence from school, because of an ongoing medical condition may be eligible for instruction in the student's home or hospital.

Appropriate educational services from qualified staff will begin no later than five school days after receiving a written statement from a physician, physician assistant, or licensed advanced practice registered nurse. Instructional or related services for a student receiving special education services will be determined by the student's individualized education program.

A student who is unable to attend school because of pregnancy will be provided home instruction, correspondence courses, or other courses of instruction before (1) the birth of the child when the student's physician, physician assistant, or licensed advanced practice nurse indicates, in writing, that she is medically unable to attend regular classroom instruction, and (2) for up to 3 months after the child's birth or a miscarriage.

For information on home or hospital instruction, contact Jill Rockrohr, Jessi Holman or Chris Jackson at 815-357-5000.

2.110 Early Graduation

Students who will have successfully completed graduation requirements after seven (7) semesters may petition to graduate. Applications must be submitted to the guidance counselor prior to the beginning of the students seventh semester.

Early graduates must take full responsibility to make arrangements with the high school office for anything pertaining to the graduation ceremony. (i.e. announcements, cap and gown rental, graduation practices, etc.) Early graduates understand that they will not be allowed to attend prom with a guest.

Note: Seneca High School will not accept credit from non-accredited home school programs. Coming in from accredited programs, students will be required to take the final exam in the class which they want to receive credit. Home-school and/or transfer students must attend Seneca High School for a minimum of two full semesters to receive a diploma.

2.120 High School Graduation Requirements

To graduate from high school, unless otherwise exempted, each student is responsible for:

1. Completing all State mandated graduation requirements (Seneca High School publishes them in their registration guide) listed below.
2. Completing all District graduation requirements that are in addition to State graduation requirements.
3. Passing an examination on patriotism and principles of representative government, proper use of the flag, methods of voting, and the Pledge of Allegiance.
4. Participating in the State assessment required for graduation.

State Mandated Graduation Requirements

- (a) Four years of language arts.

- (c) Three years of mathematics, one of which must be Algebra I and one of which must include geometry content and one of which may be an Advanced Placement computer science course.
- (d) Two years of science.

- (g) One semester of health education.
- (h) Physical education classes.
- (i) A course covering American patriotism and the principles of representative government, as enunciated in the American Declaration of Independence, the Constitution of the United States of America and the Constitution of the State of Illinois, and the proper use and display of the American flag.
- (j) Nine weeks of consumer education.

- (k) For students first entering high school in the 2022-23 school year, one year of a course that includes intensive instruction in computer literacy, which may be English, social studies, or any other subject and which may be counted toward the fulfillment of other graduation requirements.

The above requirements do not apply to students with disabilities whose course of study is determined by an Individualized Education Program or students who are exempted from participation in certain courses in accordance with State law.

2.130 High School Accreditation Procedures

Seneca High School will not accept credit from non-accredited homeschool programs. Coming in from accredited programs, students will be required to take the final exam in the class from which they want to receive credit. Home-schooled and/or transfer students must attend Seneca High School for a minimum of two full semesters to receive a diploma.

Parents or guardians have the right to inspect all instructional materials used as a part of their child's education. If you believe that curriculum, instructional materials, or programs violate rights guaranteed by any law or Board policy, you may file a complaint under the District's uniform grievance policy.

Parents or guardians with other suggestions or complaints about curriculum, instructional materials, or programs should complete a Curriculum Objection Form, which is available from the school office. A parent or guardian may also request that their child be exempt from using a particular instructional material or program by completing a Curriculum Objection Form.

3.10 Fines, Fees, and Charges; Waiver of Student Fees

The school establishes fees and charges to fund certain school activities. Some students may be unable to pay these fees. Students will not be denied educational services or academic credit due to the inability of their parents or guardian to pay fees or certain charges. Students whose parent or guardian is unable to afford student fees may receive a fee waiver. A fee waiver applies to all fees related to school, instruction, and extracurricular activities.

Applications for fee waivers may be obtained from the school office and may be submitted by a parent or guardian of a student who has been assessed a fee. A student is eligible for a fee waiver if at least one of the following prerequisites is met:

1. The student currently lives in a household that meets the free lunch or breakfast eligibility guidelines established by the federal government pursuant to the National School Lunch Act;
2. The student or the student's family is currently receiving aid under Article IV of the Illinois Public Aid Code (Aid to Families of Dependent Children).
3. The student's parent is a veteran or active-duty military personnel with income at or below 200% of the federal poverty line.

The building principal will give additional consideration where one or more of the following factors are present:

- An illness in the family;
- Unusual expenses such as fire, flood, storm damage, etc.;
- Seasonal employment;
- Emergency situations; or
- When one or more of the parents/guardians are involved in a work stoppage.

Within 30 days, the building principal will notify the parent/guardian if the fee waiver request has been denied, along with the appropriate appeal process. If you have questions regarding the fee waiver process, you may contact the building principal.

Pursuant to the Hunger-Free Students' Bill of Rights Act, the school is required to provide a federally reimbursable meal or snack to a student who requests one, regardless of whether the student has the ability to pay for the meal or snack or owes money for earlier meals or snacks. Students may not be provided with an alternative meal or snack and the school is prohibited from publicly identifying or stigmatizing a student who cannot pay for or owes money for a meal or snack.

3.20 School Lunch Program

A student may purchase breakfast for \$ 1.90.

A student may bring a sack lunch from home or may purchase a school lunch for \$ 2.85 and/or milk for \$.50. Free or reduced-price meals are available for qualifying students. For an application, contact the building principal.

4.10 Bus Transportation

These transportation policies govern all transportation which is authorized by the Seneca Township High School. The policies are necessary for the safety of the student drivers and other personnel involved in transporting students.

Parents:

1. Parents must insist their children display proper conduct when riding the bus. The driver needs full attention for driving. Drivers have many children to get to and from school safely.
2. Please inform the driver if students are not going to ride the bus on a given day. Make arrangements with the driver to assure that both rider and driver know the proper procedure for those passengers not riding the bus.
3. When problems arise, take up the question with the school officials.

Students:

The district provides bus transportation to and from school for all students living 1.5 miles or more from the school. A list of bus stops will be published at the beginning of the school year before student registration. Parents must, at the beginning of the school year, select one bus stop at which a student is to be picked up, and one stop at which a student is to be dropped off. Students are not permitted to ride a bus other than the bus to which they are assigned. Exceptions must be approved in advance by the building principal.

While students are on the bus, they are under the supervision of the bus driver. In most cases, bus discipline problems can be handled by the bus driver. In the case of a written disciplinary referral, student bus problems will be investigated and handled by the building principal.

Students are expected to follow all school rules while on the bus. Students may be suspended from riding the school bus for up to 10 consecutive school days for violating school rules or for engaging in other gross disobedience or misconduct. The school board may suspend the student from riding the school bus for a period in excess of 10 days for safety reasons. The district's regular suspension procedures shall be used to suspend a student's privilege to ride a school bus.

A student who is suspended from riding the school bus and who does not have alternative transportation to school shall be allowed the opportunity to make up all missed work for equivalent academic credit. It is the responsibility of the student's parent or guardian to notify the school that the student does not have alternative transportation to school.

In the interest of the student's safety and in compliance with State law, students are also expected to observe the following:

1. Dress properly for the weather. Make sure all drawstrings, ties, straps, etc. on all clothing, backpacks and other items, are shortened or removed to lessen the likelihood of them getting caught in bus doors, railings or aisles.
2. Arrive on time at the bus stop, and stay away from the street while waiting for the bus.
3. Stay away from the bus until it stops completely and the driver signals you to board. Enter in single file without pushing. Always use the handrail.
4. Take a seat right away and remain seated facing forward. Keep your hands, arms, and head inside the bus.
5. Talk quietly on the bus. No shouting or creating loud noises that may distract the driver. Tablets, iPods®, iPads®, smart phones, and other electronic devices must be silenced on the bus unless a student uses headphones.
6. Help keep the bus neat and clean. Keep belongings out of the aisle and away from emergency exits. Eating and drinking are not allowed on the bus.
7. Always listen to the driver's instructions. Be courteous to the driver and other students. Sit with your hands to yourself and avoid making noises that would distract the driver or bother other passengers. Remain seated, keeping your hands, arms, and head inside the bus at all times.
8. Wait until the bus pulls to a complete stop before standing up. Use the handrail when exiting the bus.
9. Stay out of the danger zone next to the bus where the driver may have difficulty seeing you. Take five giant steps away from the bus and out of the danger zone, until you can see the driver and the driver sees you. Never crawl under a bus.
10. If you must cross the street after you get off the bus, wait for the driver's signal and then cross in front of the bus. Cross the street only after checking both ways for traffic.
11. Never run back to the bus, even if you dropped or forgot something.

Video and audio cameras may be active on buses to record student conduct and may be used for the purposes of investigation into misconduct or accidents on the bus.

Special Note to Parents:

Buses will be loading on the north side of the building. If you are picking up your child after school, please use the north side of the building. Due to safety concerns, students are to be dropped off or picked up on the north side of the building and are to enter and exit through the northwest gate. If a child is to be allowed to ride the bus home with another student, Seneca High School must have written permission from both students' parents giving permission, before a bus pass can be issued.

PLEASE NOTE: Passing a school bus with its stop-arm extended carries a penalty of license suspension!

Seneca High School Administration and bus contractors reserve the right to assign seats for any and all students riding the bus.

In the event of a school bus accident, the Emergency Medical Service ("EMS") personnel at the site of the accident shall determine the seriousness of the accident and of any injuries to any students of this School District, and shall treat appropriately and transport to the hospital for further evaluation and medical care all students who are injured or complain of injury. The EMS personnel shall also contact the designated school officials or parents/legal guardians. Notwithstanding the foregoing, if any student is injured or complains of injury, the EMS personnel shall transport to the hospital all students who were in the school bus, for appropriate physician examination and medical treatment. All such transportation and treatment shall be at the expense of the parent/legal guardian.

This policy shall not apply to students who have reached the age of 18 or older, or to any adult non-student present on the bus at the time of the accident.

For questions regarding school bus transportation issues, contact Mike Coughlin at Seneca High School or Laura McCullough at the MVK Transportation Cooperative.

4.15 Bus Conduct

Students are expected to follow all schools when riding the school bus. A student may be suspended from riding the bus for up to 10 consecutive school days for engaging in gross disobedience or misconduct, including but not limited to, the following:

1. Violating any school rule or school district policy.
2. Willful injury or threat of injury to a bus driver or to another rider.
3. Willful and/or repeated defacement of the bus.
4. Repeated use of profanity.
5. Repeated willful disobedience of a directive from a bus driver or other supervisor.
6. Such other behavior as the building principal deems to threaten the safe operation of the bus and/or its occupants.

If a student is suspended from riding the bus for gross disobedience or misconduct on a bus, the School Board may suspend the student from riding the school bus for a period in excess of 10 days for safety reasons.

A student suspended from riding the bus who does not have alternate transportation to school shall have the opportunity to complete or make up work for equivalent academic credit. It shall be the responsibility of the student's parent or guardian to notify the school that the student does not have alternate transportation.

4.20 Student Parking

Students who use cars or other motor vehicles for transportation to and from school are expected to comply with the laws of the State of Illinois and the City of Seneca, as well as those listed below. These regulations are for the protection of the entire student body.

1. Students will park their vehicles in the north parking lot only. Students are only allowed to park in any yellow marked parking spaces. A student vehicle parked in any other areas during school hours will be towed away at the student's expense.
2. Parents will be required to register any vehicles that the student may drive to school through the registration process. It is the student's responsibility to have the placard hanging from the rearview mirror on a daily basis. The first placard issued will be complimentary. There will be a \$5 charge for each replacement after that. Students not in compliance may face school consequences and the possibility of their vehicle being towed at their expense.
3. Students are to vacate cars immediately upon arrival. No student is allowed in the student parking lot during the school day unless accompanied by an administrator. **Teachers may not give permission for students to leave the building to visit their vehicles.** Once students arrive they must not leave campus.
4. Snowmobiles, go-karts, four-wheelers, or unauthorized motorized vehicles of any type are not allowed anywhere on school premises.
5. Speeding or careless driving on the school grounds is not permitted. Riding in the back of a pick-up truck or in a car is prohibited and cause for discipline.
6. Speed limit on Seneca High School campus is 10 M.P.H.
7. All students are to enter through the northwest gate. Northwest gate will be closed and locked at 7:55 a.m. daily. Students arriving after that time will be directed to park on the south side of the school in the designated parking area near the baseball field.

Students should be advised that the Seneca Police Department has been given arrest rights by the Board of Education.

Students may park their vehicles in the North lot and the lot near the baseball field between the hours of 7:00 – 3:00 for normal school hours. Please do your best to contact Seneca High School when it becomes necessary to leave your vehicle for an extended period of time. Vehicles should be driven safely and must yield to pedestrians. Vehicles parked outside yellow painted lines or designated parking spots may be ticketed or towed at the discretion of the school, at the vehicle owner's expense. Students caught driving recklessly in the parking lot may be subject to disciplinary action.

The lots designated on the south side of the school, with the exception of the lot near the baseball field, are for school staff, personnel, and others designated by administration. These lots MAY NOT be used by students at any time. Student vehicles parked in these lots may be ticketed or towed at the discretion of administration.

The school is not responsible for student vehicles, any possessions left in them, or anything attached to the vehicles. **STUDENTS PARK THEIR VEHICLES ON OR NEAR SCHOOL PROPERTY AT THEIR OWN RISK.** Students should be aware their vehicles are not protected in any way while in the parking lot, and items of value should not be left in or near the vehicle while unattended.

Students have no reasonable expectation of privacy in cars parked on school grounds. School lots are regularly searched by contraband dogs, administration, and police officers. Students should be aware that items and spaces on school grounds are subject to search and view by others, and that prohibited items discovered during the course of a search may result in discipline, including, but not limited to, expulsion from school.

Vehicles MAY NOT be parked or located in the bus lanes or fire lanes at ANY TIME. Bus lanes and fire lanes are clearly marked. Vehicles located in these locations may be ticketed and/or towed by the police.

Video cameras may be active in parking lots and may be used for the purposes of investigation into student misconduct. Discipline for misconduct includes all disciplinary measures in the student discipline code and/or withdrawal of parking privileges.

5.10 Immunization, Health, Eye and Dental Examinations

Required Health Examinations and Immunizations

All students are required to present appropriate proof of a health examination and the immunizations against, and screenings for, preventable communicable diseases within one year prior to:

1. Entering kindergarten or the first grade;
2. Entering the sixth and ninth grades; and
3. Enrolling in an Illinois school for the first time, regardless of the student's grade.

Proof of immunization against meningococcal disease is required for students in grades 6 and 12. A diabetes screening must be included as part of the health exam (though diabetes testing is not required). Students between the age of one and seven must provide a statement from a physician assuring that the student was "risk-assessed" or screened for lead poisoning.

Failure to comply with the above requirements by September 15 of the current school year will result in the student's exclusion from school until the required health forms are presented to the school, subject to certain exceptions. New students who register mid-term have 30 days following registration to comply with the health examination and immunization requirements. If a medical reason prevents a student from receiving a required immunization by September 15, the student must present, by October 15, an immunization schedule and a statement of the medical reasons causing the delay. The schedule and statement of medical reasons must be signed by an appropriate medical professional.

Eye Examination

All students entering kindergarten or the school for the first time must present proof by September 15 of the current school year of an eye examination performed within one year. Failure to present proof by September 15, allows the school to hold the student's report card until the student presents: (1) proof of a completed eye examination, or (2) that an eye examination will take place within 60 days after October 15.

Dental Examination

All students entering kindergarten, second, sixth and ninth grades must present proof by May 15 of the current school year of having been examined by a licensed dentist within the last 18 months. Failure to present proof allows the school to hold the child's report card until the student presents: (1) proof of a completed dental examination, or (2) that a dental examination will take place within 60 days after May 15.

Exemptions

A student will be exempted from the above requirements for:

1. Medical grounds if the student's parent/guardian presents to the building principal a signed statement explaining the objection;
2. Religious grounds if the student's parent/guardian presents to the building principal a completed Certificate of Religious Exemption;
3. Health examination or immunization requirements on medical grounds if a physician provides written verification;
4. Eye examination requirement if the student's parent/guardian shows an undue burden or lack of access to a physician licensed to practice medicine in all of its branches who provides eye examinations or a licensed optometrist; or
5. Dental examination requirement if the student's parent/guardian shows an undue burden or a lack of access to a dentist.

5.20 Student Medication

Taking medication during school hours or during school-related activities is prohibited unless it is necessary for a student's health and well-being. When a student's licensed health care provider

and parent/guardian believe that it is necessary for the student to take medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child by completing a “School Medication Authorization Form.”

No school or district employee is allowed to administer to any student, or supervise a student’s self-administration of, any prescription or non-prescription medication until a completed and signed School Medication Authorization Form is submitted by the student’s parent/guardian. No student is allowed to possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in this procedure.

Self-Administration of Medication

A student may possess and self-administer an epinephrine injector (e.g., EpiPen®) and/or an asthma inhaler or medication prescribed for use at the student’s discretion, provided the student’s parent/guardian has completed and signed a School Medication Authorization Form.

Students who are diabetic may possess and self-administer diabetic testing supplies and insulin if authorized by the student’s diabetes care plan, which must be on file with the school.

Students with epilepsy may possess and self-administer supplies, equipment and medication, if authorized by the student’s seizure action plan, which must be on file with the school.

Students may self-administer (but not possess on their person) other medications required under a qualified plan, provided the student’s parent/guardian has completed and signed a School Medication Authorization Form.

The school district shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student’s self-administration of medication, including asthma medication or epinephrine injectors, or medication required under a qualifying plan. A student’s parent/guardian must indemnify and hold harmless the school district and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student’s self-administration of an epinephrine injector, asthma medication, and/or a medication required under a qualifying plan.

Administration of Medical Cannabis

In accordance with the Compassionate Use of Medical Cannabis Program, qualifying students are allowed to utilize medical cannabis infused products while at school and school events. Please contact the building principal for additional information. Discipline of a student for being administered a product by a designated caregiver pursuant to this procedure is prohibited. The District may not deny a student attendance at a school solely because he or she requires administration of the product during school hours.

Undesignated Medications

The school may maintain the following undesignated prescription medications for emergency use: (1) Asthma medication; (2) Epinephrine injectors; (3) Opioid antagonists; and (4) Glucagon. No one, including without limitation, parents/guardians of students, should rely on the school or district for the availability of undesignated medication. This procedure does not guarantee the availability of undesignated medications. Students and their parents/guardians should consult their own physician regarding these medication(s).

Emergency Aid to Students

Nothing in this policy shall prohibit any school employee from providing emergency assistance to students, including administering medication.

5.30 Guidance & Counseling

The school provides a guidance and counseling program for students. The school's counselors are available to those students who require additional assistance.

The guidance program is available to assist students in identifying career options consistent with their abilities, interests, and personal values. Students are encouraged to seek the help of counselors to develop class schedules that meet the student's career objectives. High school juniors and seniors have the opportunity to receive college and career-oriented information. Representatives from colleges and universities, occupational training institutions and career-oriented recruiters, including the military, may be given access to the school campus in order to provide students and parents/guardians with information.

Whether you are a parent or a student, we urge you to contact the guidance office if you have questions concerning any of these areas. Although the Counselors may not be able to answer all questions, they will certainly have information as to where the best answer might be obtained.

5.40 Safety Drill Procedures and Conduct

Safety drills will occur at times established by the school board. Students are required to be silent and shall comply with the directives of school officials during emergency drills. There will be a minimum of three (3) evacuation drills, a minimum of one (1) severe weather (shelter-in-place) drill, a minimum of one (1) law enforcement lockdown drill to address a school shooting incident, and a minimum of one (1) bus evacuation drill each school year. There may be other drills at the direction of the administration. All other drills will not be preceded by a warning to students.

During a drill or actual emergency, personal safety will depend upon the way in which students carry out regular procedures or modified instructions when the situation may dictate. If an event necessitates evacuation of the school premises, an evacuation plan will be implemented. We ask that our parents not contact or come to the school so as not to impede a safe and speedy evacuation. Notification will be made by authorities as soon as possible.

5.45 Behavioral Threat Assessment Policy

The Seneca Township High School District is committed to developing and maintaining safe and secure working environments for all students and staff. A proactive approach to high risk and threat-related behavior of students is critical for the provision of safe and secure learning, teaching and working environments. It is important for all parties to engage in the School Behavior Threat Assessment process. However, if for some reason there is a reluctance to participate in the process by the threat maker(s) or parent/guardian(s), the threat assessment process will continue in order to ensure a safe and caring learning environment for all.

5.50 Communicable Diseases

The school will observe recommendations of the Illinois Department of Public Health regarding communicable diseases.

1. Parents are required to notify the school nurse if they suspect their child has a communicable disease.
2. In certain cases, students with a communicable disease may be excluded from school or sent home from school following notification of the parent or guardian.
3. The school will provide written instructions to the parent and guardian regarding appropriate treatment for the communicable disease.
4. A student excluded because of a communicable disease will be permitted to return to school only when the parent or guardian brings to the school a letter from the student's doctor stating that the student is no longer contagious or at risk of spreading the communicable disease.

5.60 Head Lice

The school will observe the following procedures regarding head lice.

1. Parents are required to notify the school nurse if they suspect their child has head lice.
2. Infested students will be sent home following notification of the parent or guardian.
3. The school will provide written instructions to parent or guardian regarding appropriate treatment for the infestation.
4. A student excluded because of head lice will be permitted to return to school only when the parent or guardian brings the student to school to be checked by the school nurse or building principal and the child is determined to be free of the head lice and eggs (nits). Infested children are prohibited from riding the bus to school to be checked for head lice.

5.70 School Violence Prevention

Targeted School Violence Prevention Program

Threats and acts of targeted school violence harm the District's environment and school community, diminishing students' ability to learn and a school's ability to educate. Providing students and staff with access to a safe and secure environment is an important goal of the School and District. While it is not possible to completely eliminate threats, the School and District maintain a Targeted School Violence Prevention Program and a Threat Assessment Team to reduce these risks to its environment.

Parents/guardians and students are encouraged to report any expressed threats or behaviors that may represent a threat to the community, School, or self. Reports can be made to any school administrator, law enforcement authorities, or the Safe2Help Illinois helpline (www.safe2helpil.com/).

Students and parents are urged to participate in behavioral threat assessment and intervention programs if the Behavioral Threat Assessment Team believes that intervention is necessary to prevent a student from harming themselves or others. However, if for some reason there is a reluctance to participate in the process by the threat maker(s) or parent/guardian(s), the threat assessment process will continue in order to ensure a safe and caring learning environment for all.

For further information, please contact the Building Principal.

6.10 General Building Conduct

Students shall not arrive at school before 7:15 a.m. and classes begin at 7:55 a.m. and students are dismissed at 2:50 p.m. each day. The following rules shall apply, and failure to abide by the rules may result in discipline:

- Students whose dress causes a substantial disruption of the orderly process of school functions or endangers the health or safety of the student, other students, staff or others may be subject to discipline.
- Students who have courses which require safety equipment or special dress codes must adhere to wearing the proper equipment and/or clothing.

Any student who is not in compliance with the dress code will be required to call home to request appropriate garments be brought to school. If appropriate apparel cannot be provided, the students will be required to wear their physical education clothing or be assigned to the detention room for the remainder of the day.

Within these provisions, the basic responsibility for dress and grooming should be left to the parents of the student. The administration has the final determination as to what is appropriate dress and grooming. Special groups of students dealing in extra-curricular activities will be expected to conform to the requirements of that activity's sponsor.

The prohibition in this section does not apply to a student's use of asthma or other legally prescribed inhalant medications.
 - f. "Look-alike" or counterfeit drugs, including a substance that is not prohibited by this policy, but one: (a) that a student believes to be, or represents to be, an illegal drug, controlled substance, or other substance that is prohibited by this policy; or (b) about which a student engaged in behavior that would lead a reasonable person to believe that the student expressly or impliedly represented to be an illegal drug, controlled substance or other substance that is prohibited by this policy.

22. Operating an unarmed aircraft system (AUS) or drone for any purpose on school grounds or at any school event unless granted permission by the building principal.

When and Where Conduct Rules Apply

The grounds for disciplinary action also apply whenever the student’s conduct is reasonably related to school or school activities, including but not limited to:

1. On, or within sight of, school grounds before, during, or after school hours or at any time;
2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;

Disciplinary Measures

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out of school voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, without limitation, any of the following measures:

1. Notifying parents/guardians.

4. Temporary removal from the classroom.
5. Return of property or restitution for lost, stolen or damaged property.

9. Seizure of contraband; confiscation and temporary retention of the personal property that was used to violate school rules.
10. Suspension of bus riding privileges.
11. Suspension from school and all school activities for up to 10 days. A suspended student is prohibited from being on school grounds.

13. Transfer to an alternative program if the student is expelled or otherwise qualifies for transfer under State law.
14. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, such as, illegal drugs (controlled substances), "look-alikes," alcohol or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension or expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

Isolated Time Out, Time Out and Physical Restraint

Isolated time out, time out, and physical restraint shall only be used if the student's behavior presents an imminent danger of serious physical harm to the student or others and other less restrictive and intrusive measures were tried and proven ineffective in stopping it. The school may not use isolated time out, time out, and physical restraint as discipline or punishment, convenience for staff, retaliation, a substitute for appropriate educational or behavioral support, a routine safety matter, or to prevent

property damage in the absence of imminent danger of serious physical harm to the student or others. The use of prone restraint is prohibited.

Corporal Punishment

Corporal punishment is illegal and will not be used. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

Weapons Prohibition

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of not less than one year but not more than 2 calendar years:

- (1) A firearm, meaning any gun, rifle, shotgun, weapon as defined by Section 921 of Title 18 of the United States Code, firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act, or firearm as defined in Section 24-1 of the Criminal Code of 1961. The expulsion period may be modified by the superintendent, and the superintendent's determination may be modified by the board on a case-by-case basis.
- (2) A knife, brass knuckles or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including "look alikes" of any firearm as defined above.

The expulsion requirement may be modified by the superintendent, and the superintendent's determination may be modified by the board on a case-by-case basis.

Gang & Gang Activity Prohibited

"Gang" is defined as any group, club or organization of two or more persons whose purposes include the commission of illegal acts. No student on or about school property or at any school activity or whenever the student's conduct is reasonably related to a school activity, shall: (1) wear, possess, use, distribute, display, or sell any clothing, jewelry, paraphernalia or other items which reasonably could be regarded as gang symbols; commit any act or omission, or use either verbal or non-verbal gestures, or handshakes showing membership or affiliation in a gang; or (2) use any speech or commit any act or omission in furtherance of the interest of any gang or gang activity, including, but not limited to, soliciting others for membership in any gangs; (3) request any person to pay protection or otherwise intimidate, harass or threaten any person; (4) commit any other illegal act or other violation of district policies, (5) or incite other students to act with physical violence upon any other person.

Re-Engagement of Returning Students

Bullying on the basis of actual or perceived race, color, nationality, immigration status, military status, unfavorable discharge status from the military service, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, physical appearance, socioeconomic status, academic status, order of protection status, status of being homeless, or actual or potential marital or parental status, pregnancy, parenting status, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic is **prohibited** in each of the following situations:

1. During any school sponsored education program or activity.
2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school sponsored or school sanctioned events or activities.

4. Through the transmission of information from a computer that is accessed at a non-school-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the school district or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school.

Bullying includes cyber-bullying (bullying through the use of technology or any electronic communication) and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

Cyberbullying also includes the distribution by electronic means of a communication to more than one person or the posting of material on an

electronic medium that may be accessed by one or more persons if the distribution or posting creates any of the effects enumerated in the definition of bullying.

Bullying may take various forms, including without limitation one or more of the following: harassment, threats, intimidation, stalking, physical violence, sexual harassment, sexual violence, theft, public humiliation, destruction of property, or retaliation for asserting or alleging an act of bullying. Anonymous reports are also accepted by phone call or in writing.

A reprisal or retaliation against any person who reports an act of bullying is prohibited. A student's act of reprisal or retaliation will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions.

A student will not be punished for reporting bullying or supplying information, even if the school's investigation concludes that no bullying occurred. However, knowingly making a false accusation or providing knowingly false information will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions.

Students and parents/guardians are also encouraged to read the following school district policies: 7:20, *Harassment of Students Prohibited* and 7:180, *Prevention of and Response to Bullying, Intimidation and Harassment*.^[3]

4. Offer remedial interventions or take such disciplinary action as may be appropriate on a case-by-case basis;
5. Offer, but do not require or unduly influence, a person who reports or is the victim of an incident of harassment or retaliation the option to resolve allegations directly with the accused; and

12. Vandalism - Vandalism will result in cancellation of privileges and other disciplinary action. Vandalism is defined as any malicious attempt to harm or destroy data of another user, the Internet, or any other network. This includes, but is not limited to, the uploading or creation of computer viruses.

13. Telephone Charges - The District assumes no responsibility for any unauthorized charges or fees, including telephone charges, long-distance charges, per-minute surcharges, and/or equipment or line costs.

14. Copyright Web Publishing Rules - Copyright law and District policy prohibit the re-publishing of text or graphics found on the web or on District websites or file servers without explicit written permission.

- a. For each re-publication (on a website or file server) of a graphic or a text file that was produced externally, there must be a notice at the bottom of the page crediting the original producer and noting how and when permission was granted. If possible, the notice should also include the web address of the original source.
- b. Students and staff engaged in producing web pages must provide system administrators with email or hard copy permissions before the web pages are published. Printed evidence of the status of "public domain" documents must be provided.
- c. The absence of a copyright notice may not be interpreted as permission to copy the materials. Only the copyright owner may provide the permission. The manager of the website displaying the material may not be considered a source of permission.

- d. The *fair use* rules governing student reports in classrooms are less stringent and permit limited use of graphics and text.
- e. Student work may only be published if there is written permission from both the parent/guardian and student.

15. Use of Email - The District's email system, and its constituent software, hardware, and data files, are owned and controlled by the School District. The School District provides email to aid students and staff members in fulfilling their duties and responsibilities, and as an education tool.

- a. The District reserves the right to access and disclose the contents of any account on its system, without prior notice or permission from the account's user. Unauthorized access by any student or staff member to an email account is strictly prohibited.
- b. Each person should use the same degree of care in drafting an email message as would be put into a written memorandum or document. Nothing should be transmitted in an email message that would be inappropriate in a letter or memorandum.
- c. Electronic messages transmitted via the School District's Internet gateway carry with them an identification of the user's Internet *domain*. This domain is a registered name and identifies the author as being with the School District. Great care should be taken, therefore, in the composition of such messages and how such messages might reflect on the name and reputation of the School District. Users will be held personally responsible for the content of any and all email messages transmitted to external recipients.
- d. Any message received from an unknown sender via the Internet should either be immediately deleted or forwarded to the system administrator. Downloading any file attached to any Internet-based message is prohibited unless the user is certain of that message's authenticity and the nature of the file so transmitted.
- e. Use of the School District's email system constitutes consent to these regulations.

16. Student Privacy - When selecting new software or websites for student educational use staff shall adhere to the following rules:

- a. When implementing a new website or software that uses any type of student data, such as names, usernames, email addresses, and/or personally identifiable information of the student, a staff member shall first consult with the IT Director to determine if that website or software is on the approved software/website list. If it is not, complete the appropriate form to be granted access by the Administration. Both the list, and the form, can be found on the staff Intranet.

1. Will cause a material and substantial disruption of the proper and orderly operation and discipline of the school or school activities;

7.40 Annual Notice to Parents about Educational Technology

Vendors Under the Student Online Personal Protection Act

School districts throughout the State of Illinois contract with different educational technology vendors for beneficial K-12 purposes such as providing personalized learning and innovative educational technologies, and increasing efficiency in school operations.

Under Illinois' Student Online Personal Protection Act, or SOPPA (105 ILCS 85/), educational technology vendors and other entities that operate Internet websites, online services, online applications, or mobile applications that are designed, marketed, and primarily used for K-12 school purposes are referred to in SOPPA as *operators*. SOPPA is intended to ensure that student data collected by operators is protected, and it requires those vendors, as well as school districts and the Ill. State Board of Education, to take a number of actions to protect online student data.

Depending upon the particular educational technology being used, our District may need to collect different types of student data, which is then shared with educational technology vendors through their online sites, services, and/or applications. Under SOPPA, educational technology vendors are prohibited from selling or renting a student's information or from engaging in targeted advertising using a student's information. Such vendors may only disclose student data for K-12 school purposes and other limited purposes permitted under the law.

In general terms, the types of student data that may be collected and shared include personally identifiable information (PII) about students or information that can be linked to PII about students, such as:

- Basic identifying information, including student or parent/guardian name and student or parent/guardian contact information, username/password, student ID number
- Demographic information
- Enrollment information
- Assessment data, grades, and transcripts
- Attendance and class schedule
- Academic/extracurricular activities
- Special indicators (e.g., disability information, English language learner, free/reduced meals or homeless/foster care status)
- Conduct/behavioral data

- Health information
- Food purchases
- Transportation information
- In-application performance data
- Student-generated work
- Online communications
- Application metadata and application use statistics
- Permanent and temporary school student record information

Operators may collect and use student data only for K-12 purposes, which are purposes that aid in the administration of school activities, such as:

- Instruction in the classroom or at home (including remote learning)
- Administrative activities
- Collaboration between students, school personnel, and/or parents/guardians
- Other activities that are for the use and benefit of the school district

7.50 Use of Artificial Intelligence

“Artificial intelligence” or “AI” is intelligence demonstrated by computers, as opposed to human intelligence. “Intelligence” encompasses the ability to learn, reason, generalize, and infer meaning. Examples of AI technology include ChatGPT and other chatbots and large language models.

AI is not a substitute for schoolwork that requires original thought. Students may not claim AI generated content as their own work. The use of AI to take tests, complete assignments, create multimedia projects, write papers, or complete schoolwork without permission of a teacher or administrator is strictly prohibited. The use of AI for these purposes constitutes cheating or plagiarism.

In certain situations, AI may be used as a learning tool or a study aid. Students who wish to use AI for legitimate educational purposes must have permission from a teacher or an administrator. Students may use AI as authorized in their Individualized Education Program (IEP).

Students may not use AI, including AI image or voice generator technology, to violate school rules or school district policies.

In order to ensure academic integrity, tests, assignments, projects, papers, and other schoolwork may be checked by AI content detectors and/or plagiarism recognition software.

8.10 Search and Seizure

In order to maintain order safety and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. "School authorities" includes school liaison police officers.

School Property and Equipment as well as Personal Effects Left There by Students

School authorities may inspect and search school property and equipment owned or controlled by the school (such as lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there.

The building principal may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

Students Searches

School authorities may search a student and/or the student's personal effects in the student's possession (such as, purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the school or district's student rules and policies. The search will be conducted in a manner that is reasonably related to its objective of the search and not excessively intrusive in light of the student's age and sex, and the nature of the infraction.

School officials may require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates the school's disciplinary rules or school district policy. In the course of the investigation, the student may be required to share the content that is reported in order for the school to make a factual determination. School officials may not request or require a student or his or her parent/guardian to provide a password or other related account information to gain access to the student's account or profile on a social networking website.

Seizure of Property

If a search produces evidence that the student has violated or is violating either the law or the school or district's policies or rules, evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, evidence may be transferred to law enforcement authorities.

Questioning of Students Suspected of Committing Criminal Activity

Before a law enforcement officer, school resource officer, or other school security person detains and questions on school grounds a student under 18 years of age who is suspected of committing a criminal act, the building principal or designee will: (a) Notify or attempt to notify the student's parent/guardian and document the time and manner in writing; (b) Make reasonable efforts to ensure the student's parent/guardian is present during questioning or, if they are not present, ensure that a school employee (including, but not limited to, a social worker, psychologist, nurse, guidance counselor, or any other mental health professional) is present during the questioning; and (c) If practicable, make reasonable efforts to ensure that a law enforcement officer trained in promoting safe interactions and communications with youth is present during the questioning.

9.10 Extra-Curricular Handbook

Introduction

This handbook has been prepared to make information and suggestions readily available to you and to help in making your athletic and activity career at Seneca High School more successful. Read it carefully, and also make it available to your parents. A thorough knowledge of our rules as well as our Tri-County Conference, Sangamon Valley Conference and Illinois High School Association rules and procedures will smooth many "bumps" in the road which lies ahead.

Please remember that all the coaches, instructors and custodians are here to help you, and that they have a place above you in lines of authority at this point of your life.

A great deal of money is spent annually to purchase and maintain our facilities and equipment. Your parents, your friends, and you help to finance our program in various ways. Do your parts to help these costs down by taking pride in what we have, and exercising good judgment in its use.

Your presence on an athletic team and activity draws the focus of public attention to you as a representative of Seneca High School. Be constantly on your toes in the gymnasium, on the field, in the classroom, at home, and in public to display mature behavior. Assume more than your share of this responsibility, and Seneca High School students will be respected and admired everywhere as champion citizens as well as fine young adults.

Seneca High School has a great tradition of interscholastic athletics and activities. Our athletic teams and activities are respected by all. Your decision to participate on an athletic team or activity at Seneca High School indicates that you are willing to make a commitment to uphold the tradition that has been earned by many great young people.

There is a lot of material to digest within this handbook. It contains information, which will impact your life daily. Please keep it in a handy location. This is the only copy you will receive of the Extra-Curricular Handbook during your career. Each incoming freshman student receives a copy of it. If you need another, contact the athletic office.

The staff and administration of Seneca High School stand ready to assist you at all times.

Statement of Extra-Curricular Philosophy

The Seneca School District #160 believes that a dynamic program of student activities is vital to the educational development of the student. The Seneca High School athletic and activity program should provide a variety of experiences to aid in the development of favorable habits and attitudes in which students will prepare them for adult life in a democratic society. Athletics and activities should function as an integral part of the total curriculum. It should offer opportunities to serve the institution, to assist in the development of fellowship and good will, to promote self-realization and all-around growth, and to encourage learning of the qualities of good citizenship.

Athletics and activities play an important part in the life of Seneca High School. Young people learn a great deal from their participation in interscholastic athletics and extra-curricular activities. Lessons in sportsmanship, teamwork, competition, and how to win and lose gracefully are an integral part of each team in our athletic and activity programs. Athletic competition and extra-curricular programs add to our school spirit and help all students – spectators as well as participants – develop pride in their school.

We believe the opportunity for participation in a wide variety of student-selected activities is a vital part of the student's educational experiences. Such participation is a privilege that carries with it the responsibilities to the school, to the activity, to the community, and to the students themselves. Seneca High School athletics and activities are considered a supplement to the school's program of education which strives to provide experiences that will help to develop young men and women physically, mentally, socially, and emotionally.

Seneca High School Extra-Curricular Behavior Code

Introduction

The Extra-Curricular Code applies to all students who want to participate in athletics and activities. Athletics and activities include competitive sports and extra-curricular activities. The code applies in addition to other rules and regulations concerning student conduct and imposes additional requirements on students.

Participation in athletics is a privilege. Those who participate in athletics or activities have a responsibility to favorably represent the school and community. Extra-curricular students are expected to conduct themselves both in and out of school in a manner appropriate to their responsibilities as representatives of the school and district. If a student fails to comply with the terms of this code, the privilege to participate in athletics and activities may be lost in accordance with the terms of this Extra-Curricular Code.

The code of conduct listed herein is the work of a committee of coaches, administrators, athletes, and parents. It was the intention of this group to identify a single code of conduct for all boys and girls sports and activities at Seneca High School.

The goal of athletic and activity programs is to develop the physical skills of our athletes as to allow them to compete in excellent fashion within the Board of Education of Seneca High School policies and the by-laws of the Illinois High School Association. As a high school we must include certain

philosophical beliefs which are consistent with good sportsmanship, leadership, and appropriate moral conduct.

Knowing the expectations and goals of an athletic and activity program is the key toward realization and fulfillment. You should understand that this code does not contain a complete list of inappropriate behavior as a Seneca High School Extra-Curricular Student. Suffice it to say that in addition to those listed, Seneca High School extra-curricular students will be expected to demonstrate excellent conduct in their classrooms, in the community and on the field of athletic competition and extra-curricular events. Nothing less will do.

Training Policy/Code of Conduct

This Code of Conduct applies to all extracurricular and athletic activities and is enforced 365 days a year, 24 hours a day.

This Code does not contain a complete list of inappropriate behaviors. Violations will be treated cumulatively, with disciplinary penalties increasing with subsequent violations. A student may be excluded from extracurricular or athletic activities while the school is conducting an investigation into the student's conduct.

Students and their parents/guardians are encouraged to seek assistance from the Student Assistance Program for alcohol or other drug problems. Participation in an alcohol or drug counseling program will be taken into consideration in determining consequences for Code of Conduct violations.

The student shall not:

1. Violate the school rules and School District policies on student discipline including policies and procedures on student behavior;
2. Ingest or otherwise use, possess, buy, sell, offer to sell, barter, or distribute a beverage containing alcohol (except for religious purposes);
3. Ingest or otherwise use possess, buy, sell, offer to sell, barter, or distribute tobacco or nicotine in any form; including e-cigarettes, vape pens, which includes any and all vaping paraphernalia

5. Use, possess, buy, sell, offer to sell, barter, or distribute any object that is or could be considered a weapon or any item that is a look alike weapon. This prohibition does not prohibit legal use of weapons in cooking and in athletics, such as archery, martial arts practice, target shooting, hunting, and skeet;
6. Attend a party or other gathering and/or ride in a vehicle where alcoholic beverages and/or controlled substances are being consumed by minors;
7. Act in an unsportsmanlike manner;
8. Violate any criminal law, including but not limited to, assault, battery, arson, theft, gambling, eavesdropping, vandalism and reckless driving;
9. Haze or bully other students;
10. Violate the written rules for the extracurricular or athletic activity;

11. Behave in a manner disrupts or adversely affects the group or school;
12. Be insubordinate or disrespectful toward the activity's sponsors or team's coaching staff; or
13. Falsify any information contained on any permit or permission form required by the extracurricular or athletic activity.

Hazing is any humiliating or dangerous activity expected of a student to belong to a team or group, regardless of his or her willingness to participate. *Bullying* includes cyber-bullying (bullying through the use of technology or any electronic communication) and means any physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student's or students' person or property;
2. Causing a detrimental effect on the student's or students' physical or mental health;
3. Interfering with the student's or students' academic performance; or
4. Interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Examples of prohibited conduct include name-calling, using derogatory slurs, stalking, sexual violence, causing psychological harm, threatening or causing physical harm, threatened or actual destruction of property, or wearing or possessing items depicting or implying hatred or prejudice of one of the characteristics stated above.

Due Process Procedures

Students who are accused of violating the Code of Conduct are entitled to the following due process:

1. The student should be advised of the disciplinary infraction with which he or she is being charged.
2. The student shall be entitled to a hearing before an appropriate administrator.
3. The student will be able to respond to any charges leveled against him or her.
4. The student may provide any additional information he or she wishes for the administrator to consider.

Consequences of a Positive Test Result, Refusal to Test, or any violation of the Training Policy:

First Positive Test Result, Refusal to Test, or violation of the Training Policy:

Option 1: A suspension of two (2) weeks (for activities) or one fourth (1/4) of the total number of competitions in a full season (for athletics). Administration has the authority to rollover remaining suspension if not completed during the current season.

OR

Option 2: There would be no suspension of any games if the student completed the following **within one month of the incident:**

If any or all of these items are not completed, then Option 1 would be reinstated as the consequence for the violation.

If a freshman, sophomore, junior, or senior does not comply with Option 2 within the requisite timeframe, and does not participate in another sport, he/she will lose the privilege to participate in the district's graduation ceremony.

Option 2 will not be made to any student unable to fulfill Option 2 consequences for any reason.

The student may be required to practice with the group (unless suspended or expelled from school).

Third Positive Test Result, Refusal to Test, or violation of the Training Policy:

A suspension from extracurricular or athletic activities for the remainder of the student's school career. This suspension may be appealed after one year from the third infraction.

Appeal Process for Student-Athletes Eliminated from Co-Curricular Events Due to Three Infractions

Upon the third positive test or third violation of the Training Policy, a student-athlete is suspended from co-curricular activities for the remainder of the student's school career.

However, a student may qualify for an appeal to be reinstated to co-curriculars ONLY if the third (3rd) consequence eliminated the student from co-curricular activities for longer than one-year.

The student and his/her parents may appeal after one (1) year from the third (3rd) infraction. In order to be reinstated as a student in good standing with co-curricular activities, the student must adhere to the following during the suspension:

If at the end of ONE (1) year of being eliminated from Seneca High School co-curricular activities the student has met all of the above criteria, the student and his/her parent may appeal for reinstatement to allow him/her to resume co-curricular participation. The student and parent must send a letter requesting an appeal to the Activities Director. If an appeal is granted, the student and parent must meet with the Activities Director, Building Principal, and any Coach(es) deemed appropriate by the Activities Director.

Within five (5) days of the appeal meeting, the Activities Director shall forward his/her recommendation to the Superintendent. The Superintendent shall communicate the recommendation with the Board of Education. Within five (5) days of receiving the recommendation, the Superintendent shall render a decision on the appeal.

The appropriate administrator will make a written report of his or her decision and rationale. The student may appeal the decision to the Principal or a Principal's designee.

All students remain subject to all the School District's policies and the school's student/parent handbook.

STHS Random Drug Testing Policy and Procedures

Extracurricular Code of Conduct/Drug Testing

The Superintendent, using input from the high school principal, coaches, and sponsors of extracurricular activities, shall develop a conduct code for all participants in extracurricular activities consistent with Board policy. The conduct code shall:

- (1) Require participants in extracurricular activities to conduct themselves at all times, including after school and on days when school is not in session, and whether on and off school property, as good citizens and exemplars of their school, and
- (2) Notify participants that failure to abide by it could result in removal from the activity. The conduct code shall be reviewed by the Building Principal periodically and presented to the School Board.

All coaches and sponsors of extracurricular activities shall annually review the rules of conduct with participants and provide participants with a copy.

Extracurricular Drug Testing Program

The District maintains an Extracurricular Drug Testing Program in order to foster health, safety, and the welfare of its students. Participation in extracurricular activities is a privilege, and participants need to be exemplars. The program promotes healthy and drug-free participation. To be eligible to try out for, or to participate in, any school sponsored extracurricular activity, extracurricular participants and their parent(s)/guardian(s) must consent to random drug testing if selected in accordance with this policy. Failure to sign a random drug testing consent form will result in non-participation. The signed consent form will be considered valid over the extracurricular participant's entire high school career, unless the participant submits a signed request for withdrawal of consent form for reasons stated within these procedures. No student shall be expelled or suspended from school as a result of any verified positive test conducted under this program other than when independent reasonable suspicion of drug usage exists. This program does not affect the policies, practices, or rights of the District to search or test any student who at the time exhibits cause for reasonable suspicion of drug use. This policy shall apply to all school sponsored extracurricular activities for which no academic credit is awarded.

Modification of Athletic or Team Uniform

Students may modify their athletic or team uniform for the purpose of modesty in clothing or attire that is in accordance with the requirements of the student's religion or the student's cultural values or modesty preferences.

This program is optional and the requirements may be revised in accordance with school district policy and school preference

Safeguarding Your Extra-Curricular Eligibility

The four years in which you represent your high school in extra-curricular activities conducted under the auspices of the Illinois High School Association (IHSA) and/or Seneca High School may be four of the

most enjoyable years in your young life. As you participate, your school will have local rules and regulations you must follow in order that your extra-curricular participation and competition can be incorporated into the Association's constitution and by-laws to which students as well as school personnel and fans, must adhere.

The principal of your school is responsible to certify the eligibility of all students representing the school in extra-curricular activities. Any question concerning your extra-curricular eligibility must be answered by your principal who has available a complete copy of all IHSA and Seneca High School eligibility rules, which include the Association's and Seneca High School's due process procedure.

Information contained in this material highlights important features of the IHSA by-laws and Seneca High School's policies regarding your extra-curricular eligibility. It is designed to make you aware of major requirements you must meet to be eligible to represent your school in extra-curricular activities. You will lose your eligibility to represent your school in extra-curricular activities if you violate IHSA by-laws or Seneca High School policies. It is extremely important that you review the material contained in these pages with your parents, coaches, sponsors, and your principal to thoroughly understand the IHSA by-laws and Seneca High School policies and how they relate to you.

9.15 Parent/Coach Communication

SENECA HIGH SCHOOL
PARENT/COACH COMMUNICATION
(Adopted 1996-97)

Together building better programs for the students of Seneca High School
SENECA EXTRA-CURRICULAR ACTIVITIES
SPORTSMANSHIP – ETHICS - INTEGRITY

Parent/Coach Relationship

Both parenting and coaching are extremely difficult vocations. By establishing an understanding of each position, we are better able to accept the actions of the other and provide greater benefit to children. As parents, when your children become involved in our program, you have a right to understand what expectations are placed on your child. This begins with clear communication from the coach of your child's program.

Communication you should expect from your child's coach

1. Philosophy of the coach.
2. Expectations the coach has for your child as well as all the players on the squad.
3. Locations and times of all practices and contests.
4. Team requirements, i.e., fees, special equipment, off-season conditioning.
5. Procedure should your child be injured during participation.
6. Discipline that results in the denial of your child's participation.

Communication coaches expect from parents.

1. Concerns expressed directly to the coach.
2. Notification of any schedule conflicts well in advance.
3. Specific concern in regard to a coach's philosophy and/or expectations.

As your children become involved in the programs at Seneca High School, they will experience some of the most rewarding moments of their lives. It is important to understand that there also may be times when things do not go the way you or your child wishes. At these times discussion with the coach is encouraged.

Appropriate concerns to discuss with coaches.

1. The treatment of your child, mentally and physically.
2. Ways to help your child improve.
3. Concerns about your child's behavior.

It is very difficult to accept your child not playing or participating as much as you may hope. Coaches and sponsors are professionals. They make judgment decisions based on what they believe to be best for all students involved. As you have seen from the list above, certain things can be and should be discussed with your child's coach. Other things, such as those following, must be left to the discretion of the coach.

Issues not appropriate to discuss with coaches.

1. Playing time.
2. Team strategy.
3. Play calling.
4. Other student-athletes.

There are situations that may require a conference between the coach and the parent. These are to be encouraged. It is important that both parties involved have a clear understanding of the other position. When these conferences are necessary, the following procedure should be followed to help promote a resolution to the issue of concern.

If you have a concern to discuss with a coach, this is the procedure you should follow.

1. Call to set up an appointment.
2. The Seneca High School telephone number is 357-5000.
3. If the coach cannot be reached, call the Athletic Director, Mr. Haines. He will set up the meeting for you.
4. Please do not attempt to confront a coach before or after a contest or practice. These can be emotional times for both the parent and the coach. Meetings of this nature do not promote resolution.

The Next Step

What can a parent do if the meeting with the coach did not provide a satisfactory resolution?

1. Call and set up an appointment with the Athletic Director to discuss the situation.
2. At this meeting the appropriate next step can be determined.

Since research indicates a student involved in extracurricular activities has a greater chance for success during adulthood, these programs have been established. Many of the character traits required to be a successful participant are exactly those that will promote a successful life after high school. We hope the information provided makes both your child's and your experience with Seneca High School program less stressful and more enjoyable.

9.20 Attendance at School-Sponsored Dances

Attendance at school-sponsored dances is a privilege. Students who are currently receiving 3 or more failing grades will NOT be eligible to attend the dance. The date used to make the determination on whether students can/can't attend will be the Thursday eligibility prior to the last day to purchase tickets (typically a Friday). Any student who has an outstanding balance or fee will be required to pay this charge before purchasing tickets.

Only students who attend the school may attend school-sponsored dances, unless the principal or designee approves a student's guest in advance of the event. A guest must be "age appropriate," defined as under the age of 21.

All school rules, including the school's discipline code and dress code are in effect during school sponsored dances. In particular, students shall not:

1. Use, possess, distribute, purchase, or sell tobacco materials.
2. Use, possess, distribute, purchase, or sell alcoholic beverages.
3. Use, possess, buy, sell, barter, or distribute any illegal substance or paraphernalia;

5. Vandalize or steal;
6. Haze other students;

This form must be on file with the high school

2. A student who exhibits signs, symptoms, or behaviors consistent with a concussion in a practice or game will be removed from participation or competition at that time. A student athlete who has been removed from an interscholastic contest for a possible concussion or head injury may not return to that contest unless cleared to do so by a physician licensed to practice medicine in all its branches in Illinois or a certified athletic trainer. If not cleared to return to that contest, a student athlete may not return to play or practice until the student athlete has provided his or her school with written clearance from a physician licensed to practice medicine in all its branches in Illinois or a certified athletic trainer working in conjunction with a physician licensed to practice medicine in all its branches in Illinois.

The School provides a free appropriate public education in the least restrictive environment and necessary related services to all children with disabilities enrolled in the school. The term “children with disabilities” means children between ages 3 and the day before their 22nd birthday for whom it is determined that special education services are needed, except those children with disabilities who turn 22 years of age during the school year are eligible for special education services through the end of the school year. It is the intent of the school to ensure that students with disabilities are identified, evaluated, and provided with appropriate educational services.

A copy of the publication “Explanation of Procedural Safeguards Available to Parents of Students with Disabilities” may be obtained from the school district office.

Students with disabilities who do not qualify for an individualized education program, as required by the federal Individuals with Disabilities Education Act and implementing provisions of this Illinois law, may qualify for services under Section 504 of the federal Rehabilitation Act of 1973 if the student (i) has a physical or mental impairment that substantially limits one or more major life activities, (ii) has a record of a physical or mental impairment, or (iii) is regarded as having a physical or mental impairment.

The School may not use isolated time out, time out, or physical restraint as discipline or punishment, convenience for staff, retaliation, as a substitute for appropriate educational or behavioral support, a routine safety matter, or to prevent property damage in the absence of imminent danger of serious physical harm to the student or others. The use of prone restraint is prohibited.

Related service logs are available at the student's annual review meeting and at any other time upon parent/guardian request.

10.70 Prioritization of Urgency of Need for Services

PUNS (Prioritization of Urgency of Need for Services)

Database Information for Students and Parents or Guardians

The Illinois Department of Human Services (IDHS) maintains a statewide database known as the PUNS database (Prioritization of Urgency of Need for Services) that records information about individuals with intellectual disabilities or developmental disabilities who are potentially in need of services.

IDHS uses the data on PUNS to select individuals for services as funding becomes available, to develop proposals and materials for budgeting, and to plan for future needs. The PUNS database is available for children with intellectual disabilities or developmental disabilities with unmet service needs.

Registration to be included on the PUNS database is the first step toward receiving developmental disabilities services in this State. A child who is not on the PUNS database will not be in the queue for State developmental disabilities services.

For more information and to sign up for PUNS, see the Illinois Department of Human Services PUNS information page at <https://www.dhs.state.il.us/page.aspx?item=41131>.

11.20 Student Records

A school student record is any writing or other recorded information concerning a student and by which a student may be identified individually that is maintained by a school or at its direction or by a school employee, regardless of how or where the information is stored, except for certain records kept in a staff member's sole possession; records maintained by law enforcement officers working in the school; video and other electronic recordings (including electronic recordings made on school busses) that are created in part for law enforcement, security, or safety reasons or purposes, though such electronic

recordings may become a student record if the content is used for disciplinary or special education purposes regarding a particular student.

The Family Educational Rights and Privacy Act (FERPA) and the Illinois Student Records Act afford parents/guardians and students over 18 years of age (“eligible students”) certain rights with respect to the student’s school records. They are:

1. The right to inspect and copy the student’s education records within 10 business days of the day the District receives a request for access.

The degree of access a student has to his or her records depends on the student’s age. Students less than 18 years of age have the right to inspect and copy only their permanent record. Students 18 years of age or older have access and copy rights to both permanent and temporary records. A parent/guardian or student should submit to the building principal a written request that identifies the record(s) he or she wishes to inspect. Within 10 business days, the building principal will make arrangements for access and notify the parent/guardian or student of the time and place where the records may be inspected. In certain circumstances, the District may request an additional 5 business days in which to grant access. The District charges \$.35 per page for copying but no one will be denied their right to copies of their records for inability to pay this cost.

These rights are denied to any person against whom an order of protection has been entered concerning the student.

2. The right to have one or more scores received on college entrance examinations included on the student’s academic transcript.

Parents/guardians or eligible students may have one or more scores on college entrance examinations included on the student’s academic transcript. The District will include scores on college entrance examinations upon the written request of the parent/guardian or eligible student stating the name of each college entrance examination that is the subject of the request and the dates of the scores that are to be included.

3. The right to request the amendment of the student’s education records that the parent/ guardian or eligible student believes are inaccurate, irrelevant, or improper.

A parent/guardian or eligible student may ask the District to amend a record that is believed to be inaccurate, irrelevant, or improper. Requests should be sent to the building principal and should clearly identify the record the parent/guardian or eligible student wants changed and the specific reason a change is being sought.

If the District decides not to amend the record, the District will notify the parent/guardian or eligible student of the decision and advise him or her of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent/guardian or eligible student when notified of the right to a hearing.

4. The right to permit disclosure of personally identifiable information contained in the student’s education records, except to the extent that the FERPA or Illinois School Student Records Act authorizes disclosure without consent.

Disclosure without consent is permitted to school officials with legitimate educational or administrative interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or any parent/guardian or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the District discloses education records without consent to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by State or federal law. Before information is released to these individuals, the parents/guardians or eligible student will receive prior written notice of the nature and substance of the information, and an opportunity to inspect, copy, and challenge such records.

Academic grades and references to expulsions or out-of-school suspensions cannot be challenged at the time a student's records are being forwarded to another school to which the student is transferring.

Disclosure is also permitted without consent to: any person for research, statistical reporting or planning, provided that no student or parent/guardian can be identified; to another school district that overlaps attendance boundaries with the District, if the District has entered into an intergovernmental agreement that allows for sharing of student records and information with the other district, any person named in a court order; appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons; and juvenile authorities when necessary for the discharge of their official duties who request information before adjudication of the student.

5. The right to a copy of any school student record proposed to be destroyed or deleted.

The permanent record is maintained for at least 60 years after the student transfers, graduates, or permanently withdraws. The temporary record is maintained for at least 5 years after the student transfers, graduates, or permanently withdraws. Temporary records that may be of assistance to a student with a disability who graduates or permanently withdraws, may, after 5 years, be transferred to the parent/guardian or to the student, if the student has succeeded to the rights of the parent/guardian. Federal law requires a secondary school to grant military recruiters and institutions of higher learning, upon their request, access to secondary school students’ names, addresses, and telephone numbers, unless the student’s parent/guardian, or student who is 18 years of age or older, submits a written request that the information not be released without the prior written consent of the parent/guardian or eligible student. If you wish to exercise this option, notify the building principal.
